Agenda
Charissa at GANIL Meeting

To be held on: Tuesday, 1 October 1996, 2.00 pm

To be held at: Birmingham

Agenda

1. Items to be added to the agenda/Summary of past/coming experiments
2. British Council application for travel
3. Status of the mounts and preamps for running in SPEG
   - Timescale for rescheduled run
   - Preamps
   - Detector mounts
   - Cables
4. Status of the 64 channel DA system
5. Experiments for next year with Demon and MF experiment
   - Letter of Intent
   - Breakup experiment - detector requirements
   - Possible joint mounting with DEMON
   - Rebuilding of D6 room
   - Electronics and DA requirements
6. MF and NMC extended stays at LPC and GANIL
7. Nigel's visit after 9 November
8. Status of the new grant announcement
9. Proposed collaboration with Strasbourg for gamma studies
10. LPC budget discussions

    Nigel will have the money to rebuild the DEMON support so we will have that available in time for use in June/July '97. Next year's budget will be requested to be 200 kF. Requested as: 30 kF (3.9K) to build 3 beam tracking PPAC's for our expts, 70 kF (9.2K) for DEMON + E281 expts and 100 kF (13.1K) to contribute the new array. The latter two could be used for a SUN workstation.
11. Amplifiers and discriminators for new 256 channel array
    - DA system overview
    - Detector plans
    - Preamplifiers
    - Amplifiers - Charissa and CAEN
12. Date and agenda for technical meeting

W.N. Catford 30 Sep 1996
